2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

The Accelerated Achievement Academy (AAA) is an extraordinary learning environment for students and a great partner with our families and San Benito Community.

The AAA is one of the highest achieving schools in the nation. In 2021 Us News and World Report named AAA the 11th best school in CA. In 2019 the U.S. Department of Education rewarded AAA with the prestigious Exemplary High Performing National Blue Ribbon Award. Our middle school is the 12th highest achieving school in California! Our elementary school is the 9th highest achieving school in California. AAA earned a California Distinguished School Award in 2013. The Educational Results Partnership uses nationally normed student assessment data to recognize AAA several times as a top performing California Honor Roll STAR School.

The AAA is not resting on credentials or awards. Our teachers are using evidence based professional development and instructional practices to grow our students even more. We have embraced Project-Based Learning school-wide and are daily pushing students for deeper and more complex understandings of the world and their place in it. That does not mean assigning more homework, but using the best research based instructional practices in education*.

The AAA staff embraces bright and high achieving students and helps grow them into successful, kind and compassionate people. We are building our relational skills to raise the social and emotional capacity of every student. Our entire school trained this August in Capturing Kids' Hearts (CKH) with the Flippen Group. Capturing Kids' Hearts is a national program that strengthens student connections to each other and their teachers. Students and teachers build Social Contracts (agreement of behavior) that are used daily in and out of the classroom.

2021-22 School Overview

This year we are striving to be even better partners with our families and the community. We are working closely with our Parents' Club to send our students to world class learning centers and cultural institutions to expand their horizons. We are also building strong partnerships with local businesses and high school to gain access to hands on science and labs. We started a computer programming partnership with Amazon in 2021 and are developing a robotics program 5-8.

The future of the AAA is bright. Our students, families, teachers and community are all committed to making advanced students grow even more and our aim is to make AAA the best school in the world!

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	
Unknown	
Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All students at AAA have the necessary textbooks and curriculum materials to meet their educational needs (see current Williams report). The textbook adoption in Language Arts allows for teachers to explore the depth of Common Core expectations in ELA & ELD. Math, History and Science textbooks are all reflective of the most recent district textbook adoptions. The curriculum is analyzed on a regular basis to provide any supplemental needs the students and teachers may require.

School Facility Conditions and Planned Improvements

The Accelerated Achievement Academy's five classrooms sit on the Calaveras School campus. The school provides a safe, clean environment for students, staff and volunteers. School facilities were built in 1984. A team of three custodians ensure that classrooms, restrooms and the campus are kept clean and safe.

On November 4, 2014, the voters of the Hollister School District passed Measure M, a \$28.5 million Facilities Bond that will address the most critical renovation and modernization needs at the District's elementary and middle schools. Measure M will upgrade fire alarm and security systems, improve access to classroom technology, and provide better school access to people with disabilities, among other improvements. Bond monies were used in 2016 to instal air conditioning in all classrooms. For a complete list of projects go to http://www.hesd.org/departments/facilities/measure_m.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with “NT” values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Each family at the Accelerated Achievement Academy (AAA) volunteers in school activities for 20 hours per year. Parents attend parent-teacher conferences, Academy Parent Club meetings and donate generously to school fundraising efforts. Parents also chaperone our many school field trips. Opportunities for participation include being officers on the AAA School Site Council and the AAA Parent Club. Parents are encouraged to be a part of the enrichment activities offered at the Academy. Parents interested in volunteering time at school are encouraged to contact our school at 831-636-4460.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Accelerated Achievement Academy is compliant with all laws, rules and regulations including those pertaining to hazardous materials and state earthquake standards. The school plan is reviewed, updated and shared every school year in September (the first or second week).

The school's disaster preparedness plan includes steps that ensure student and staff safety. Fire and disaster drills are held monthly and earthquake drills are held three times a year. Teachers and staff review the safety plan in the first few weeks of the new school year and receive safety information in staff meetings through the year. Copies of the safety plan are shared with the district office, local officials, and Hollister law enforcement at the start of the school year and when requested. .

All visitors to the campus check and sign in at the office before entering campus.

Students at the Accelerated Achievement Academy are guided by classroom social contracts, school rules and high classroom expectations that promote respect, cooperation, courtesy and acceptance. The school's discipline philosophy promotes safety, warmth and friendliness and fairness to all.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

On an annual basis, Hollister School District submits their funding Application through the Consolidated Application and Reporting System (ConApp). The application is submitted in two (2) parts: Part I, which contains program and demographic information, submitted by June 30th each year; and Part II, which contains budget information and program data submitted by January 31 each year. The categorical programs included in the application are Title I, Part A - Improving Academic Achievement. Title II, Part A - Supporting Effective Instruction and Title III - English Learner (EL), and Immigrant Programs and Title IV, Part A - Student Support and Academic Enrichment. Essentially, these funds are designed to assist students in mastering state standards. Using general fund money in combination with categorical funding, the district provided every K – 5 and K - 8 site an Intervention Teacher. The Intervention Teacher plans with teachers and provides small group intervention instruction. Students who qualify also participate in before or after school intervention classes, provided through categorical funding sources.

Site Title I fund spending is decided using school achievement data, staff and AAA's School Site Council.

Professional Development

The district is committed to providing high quality staff development to all teachers to support effective instruction using cutting edge, high quality resources and strategies so that all HSD students have an equitable education. District-wide Professional Development days are provided for teachers on non-student days and during release time. The focus is to provide all teachers with training in adopted core curriculum and identified district wide instructional resources, strategies, and interventions. These include Eureka math, Benchmark Advance and CA Collections ELA, CA inSpire science, Orton-Gillingham and Footsteps 2 Brilliance for early literacy, Accelerated Reader and myOn for intermediate reading, Sanford Harmony for social emotional learning, and Capturing Kids Hearts and PBIS for school culture and safety. There is a specific focus on closing the achievement gap for English Learners and mitigating learning loss for students at risk. District-wide Professional Development ensures all teachers receive initial training in identified core curriculum, including new hires or teachers new to a grade level. On-going professional learning is provided intentionally over time with a consistent focus on identified core curriculum and districtwide strategies outlined in the Hollister School District Local Control and Accountability Plan (LCAP). All professional development is sequenced in the following progressions and offered to teachers, administrators, and support staff as appropriate to their role in serving students:

Level 1: Initial Trainings
Level 2: Follow Up Professional Learning to Deepen Practice
Level 3: Site Based Capacity Building for Systemic Schoolwide Improvement

Additionally Accelerated Achievement Academy (AAA) teachers have attended professional development in Project Based Learning (PBL) with the Buck Institute, iReady assessment and lesson planning. AAA teachers and staff are committed to PBL, formative assessments and building interventions to meet student learning enrichment or learning needs.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
