## Goal 1

**Improved academic achievement for all students through quality instruction, effective assessments, timely interventions, and extended learning opportunities.**

**Priority 1: Basic (Conditions of Learning); Priority 2: State Standards (Conditions of Learning); Priority 4: Pupil Achievement (Pupil Outcomes); Priority 7: Course Access (Conditions of Learning); Priority 8: Other Pupil Outcomes (Pupil Outcomes)**

## Rationale

This goal was selected in response to the need for Hollister School District students to have the opportunity to achieve their greatest potential. This goal will address the needs of students in the district who have not met standards; particularly students with special needs, English learner students, and low socioeconomic students. The goal directly ties the quality of classroom instruction to the outcome of high academic achievement. The goal also directly ties interventions to high academic achievement.
