# HSD Field Trip Plan

Name: Patrisia Martinez School: HDLA Summer School Grade: 6,7  
Date: 7/07/22 Field Trip Destination: SBHS Pool Time: 10:30 AM- 12:00 PM

**Expected Outcomes of field trip:** Students will express vocabulary and build background knowledge of summer camp culture through real life experiences. This year the Migrant Summer School will have a camping theme, Camp- Learn- A- Lot. Every year, students go away for the summer and have camp experiences that foster independence, learning, and recreational fun. Part of that summer camp culture is to go swimming in a nearby lake or pool. We would like to provide the same experience to our Migrant students. Swimming is a life skill and an area that they are assessed in their future high school physical education classes. We are trying to provide experiences that will level the playing field for students and leave a positive impact on them as well.

**Grade Level Content Standards addressed on the field trip:** ELD/ELA: A. Collaborative (engagement in dialogue with others) 1.Exchanging information and ideas via oral communication and conversations; 2. Interacting via written English (print and multimedia); P. E. Physical fitness awareness

**Pre Field Trip Learning Activities (How will you prepare your students to get the maximum benefit from the trip?):** Students will be engaged in a summer camp unit prior and after the visit to the San Benito High School Pool.

**How will you ensure that the EL and Sp. Ed. students access the information (e.g. preview vocabulary, watch video clips, etc.)?**

- Videos to build background knowledge of camp life
- Content- specific vocabulary related to swimming
- Student - friendly writing rubric for informational writing
- **EL/SPED:**
- Vocab preview
- Visuals

**What activities will the students participate in during the field trip?**

Activities: Private swim session for Migrant students only.

- Swim Test- Students will take a swim test to demonstrate their swimming ability. Students that cannot swim will be in the shallow pool measuring 4 ft. Certified swim coaches will be on hand to assist students. Extra life guards and teachers will supervise. Students will be in the water 1hr.

**Post Field Trip Learning Activities (How will you follow up on the activities in which the students participated?):**

- Expository writing on experience
